NORTHWOOD TECH Continuing Education

PROFESSIONAL DEVELOPMENT / LIFE & LEISURE

Welcome to Northwood Tech's Summer 2022 Continuing Education catalog. Inside you will find a variety of informative and exciting Professional Development and Life & Leisure courses, designed to enhance your learning experience. We are pleased to continue to provide these learning opportunities for you! Courses are offered in a variety of instructional formats, including:

On Site

These courses are offered in person at a variety of campus locations throughout the district, providing face to face instruction and interaction with the instructor.

Online Live

These courses are offered during a specific time period that can be accessed from your home or office computer or tablet using free web-conferencing software. You will receive log-in information about 3 days prior to class through the email address you provide when you register. Your computer must have a reliable internet connection, microphone and camera. You can interact with the teacher during the class.

Online

These courses are offered via the Internet and accessed by using a web browser. You can access the course at any time. Offline supervised tests/exams at specified sites may be conducted in conjunction with these courses.

It's Easy to Register!

ONLINE | PHONE | MAIL

For complete registration information, please see page 22.

You have likely heard that Wisconsin Indianhead Technical College has become **Northwood Technical College** as of August 2021.

Celebrate our new name with us as we continue to provide quality education and experiences for you!

Arduino Robot Camp

47-891-401

Robotics is an exciting and growing field! Build, program, and test a robotic car using an Arduino microcontroller and learn where these skills can be put to work. Join in robot building, software programming, and testing. Also included are two plant tours of local manufacturing employers that use robotics in their manufacturing process, a fun personality assessment exercise, and free t-shirts! Please bring your own lunch. Limited scholarship funds are available. For ages 14-16. This camp is partially funded by the Nuts, Bolts, and Thingamajigs Charitable Foundation. Tuition support available from the Northwood Tech Foundation. Please contact 218-390-1790 to inquire.

41176 Jun 13-Jun 16 M-Th 8:30a-3p \$97.74
 New Richmond: 1207A-1207B Jeffrey Steen

Cool Creator Robotics

60-891-663

Create an out-of-this-world Lego robot! Develop science, technology, engineering, art, and math (STEAM) skills by building and programming a robot to work in outer space. This program offers an excellent opportunity to understand and practice teamwork while learning about the universe. For students who have completed grades 4-6.

41244 Jun 20-23 M-Th 10:30a-11:30a \$69
 Rice Lake: 203 Supakorn Bagley

Drones and Robotics

60-891-663

We are taking our Lego Robotics camp to the next level in this combination LEGO MINDSTORMS EV3 and AR 2.0 Parrot Drone adventure! Not only will you be able to create and command amazing robots with touch sensor, color sensor, infrared sensor and LEGO Technic elements, you will also have the unique opportunity to program and fly aerial robots! Don't miss your chance to sign up. This camp fills fast! For ages 8-12.

41242 July 25-July 28 M-Th 1p-4p \$135
 Superior: 306 Thomas Buck

Little Engineer Robotics

60-891-663

Create an out-of-this-world Lego robot! Develop science, technology, engineering, art, and math (STEAM) skills by building and programming a robot to work in outer space. This program offers an excellent opportunity to understand and practice

teamwork while learning about the universe. For students who have completed grades 1-3.

Rice Lake: 203 Supakorn Bagley

Nitro-X Automotive Camp **NEW!**

60-891-663

Nitro-X offers campers the opportunity to learn how vehicles work, build their confidence with technical skills, work in teams to develop life and employability skills, gain exposure to industry and show off their skills with a race. Campers work with an auto professional to personalize their car body using the same materials and techniques in the auto body and collision repair industry. After a week of learning new skills, technical information, meeting new friends, and touring local businesses, campers and their families participate in race day. This competition will demonstrate who can master the road course, see whose custom painted car body is best-in-show and enjoy a fun-filled day with family. Lunch is included (students with food sensitivities are encouraged to bring own food). For students in grades 7th - 9th. This camp is made possible with a partnership between Don Johnson Motors and the Wisconsin Automobile and Truck Dealers Foundation.

Driver Safety

Driver Education - Theory

42-812-401

Students gain awareness of the driving task and the responsibilities that accompany it. They demonstrate knowledge of traffic laws and regulations that help provide safe and efficient patterns. Students understand the impact that natural forces and conditions have concerning driving. They learn to identify hazardous conditions and react appropriately to avoid or minimize problems. Students develop an attitude of safe, courteous, and defensive driving. **Please note - students do not need to be logged in to the class from 7-7:30am. This is an online class with specific assignments to be completed each of the six weeks. Assignments open each Monday morning, and students can work on their assignments anytime throughout the week but must have the assignments completed by Sunday evening.

Traffic Safety for Point Reduction

42-812-404

Participants of the Traffic Safety course will examine their driving behavior and review traffic laws and penalties. Emphasis will be placed on ways to drive responsibly. The Traffic Safety class will show participants how to develop a change plan to reduce their risk of traffic violations and crashes. Students who successfully complete this Traffic Safety class may be eligible to receive a three-point reduction from their driving record. This class also meets the requirements for anyone that has received a "Failure to Yield Right of Way Violation" 2011 Wisconsin Act 173-346.18.

Motorcycle

Motorcycle - Basic Rider 1

42-816-400

This 16-hour course is approved by the Department of Transportation. It is designed to teach the beginner or experienced rider the safe techniques to riding a motorcycle. It consists of 6 hours of classroom and 10 hours of on-cycle instruction. After Successful completion of this class you would receive a waiver to take to the DMV that may waive you from taking the road test in order to obtain your Motorcycle Endorsement. Due to a new curriculum set by the State of Wisconsin and MSF, you are now required to take an online course prior to the start of class. The cost of this course is \$19.99 and is separate from the cost of Northwood Tech Motorcycle course. You can register for this course at <http://msf-usa.org/students.aspx>. Once there, you click "Enroll Now" under Basic eCourse. After you complete the online course, please make sure to print your Completion Certificate as you are required to bring the certificate to the first day of class or provide a copy of the certificate to Northwood Tech within 5-7 days of completing the Motorcycle safety course. Failure to complete the online course within the 5-7 days of completing this course will result in a Failure to Northwood Tech Motorcycle course and no refund will be given. It is strongly recommended that you take the eCourse before you start your Northwood Tech Motorcycle Safety Course as you will learn valuable information that will help you with the range portion of our class. Students are expected to have some basic understanding that is provided through the online course during the Motorcycle Safety Course.

Motorcycle - Basic Rider 2

42-816-401

The Basic Rider Course-2 (BRC2) is a one-day (8 hour) class for riders who have their own motorcycle, have been riding for one to three years, and have accumulated 3000 to 5000 miles on their current motorcycle. If a rider does not as yet have their Wisconsin Class M Endorsement, they may still participate on a Wisconsin motorcycle Instructional Permit. The BRC2 course also serves as a license skills test waiver in Wisconsin. This course is not intended for a true novice rider. The course consists of three hours of classroom covering risk management, rider awareness, rider impairment, traffic management, perception and observation, and traction management. A written test is also included. The riding portion of the class is five hours of advanced cornering, braking skills, swerving to avoid obstacles, tight slow speed handling, and combinations of curves. A pre-qualification exercise determines whether the rider has enough of the basic skills to continue in this advanced course. Tuition is non-refundable if a student does not have the skills to continue with this course. The BRC2 also involves a riding evaluation at the end. PREREQUISITES: Students must be 18 years of age, have a motorcycle permit or M endorsement. DOT approved helmet, eye protection, jacket or long-sleeved shirt, full-fingered gloves, long pants, proper footwear. The class is run with your own motorcycle. Your motorcycle must pass safety standards including two safe tires, functional brakes, and lights. Proof of insur-

ance and registration will be checked. Motorcycles must pass T-CLOCS inspection to be signed off by a Rider Coach. E-course is required; see e-course details under Basic Rider 1 description.

Physical Education

Hatha Yoga

60-807-628

Hatha Yoga is a very gentle style of yoga that combines stretching (postures) with breath work and meditation to connect you to all parts of yourself. A few of the many benefits include improved flexibility, mobility, strength, circulation, relaxation, balance and energy. Yoga helps to bring awareness and trust to your body, calmness to your restless mind and joy to your spirit. Please bring your own mat, a blanket, two yoga blocks and a 6-8 foot strap. As always, please check with your physician before starting this or any other exercise class.

Backing Up Your Computer

60-107-602

There are two types of hard drives: those about to fail, and those that will fail eventually. Plan accordingly. It goes without saying that backing up data is a sensible thing to get into the habit of doing. Not only does it make sense in case your laptop is stolen, or your hard disk fails, but it also means that you have more options for recovery should your computer become infected. In this course you will learn many options available for backing up your data, and we will discuss the pros and cons of each method.

Keeping Track of Passwords

60-107-602

A good password is easy to remember, but difficult to guess, both for people who know you, and for anonymous password-crackers. We all have so many different passwords to keep track of nowadays - rather than taking the dangerous shortcuts of either using the same password for everything, or else writing passwords down and keeping them near your computer, this course will teach you tips to make it easier to create unique, memorable passwords for every different application. You will learn how to create good passwords, and what tools can help you store your passwords safely.

LAW, PUBLIC SAFETY & SECURITY

Emergency Medical Services

ASHI Pediatric 1st Aid/CPR Renewal

47-531-417

ASHI Pediatric CPR, AED, and First Aid training program provides an ideal training solution for schools, child care providers, youth sports coaches, and others required to learn how to respond to medical emergencies involving children. This versatile program is based upon the 2015 CPR and First Aid Guidelines, Caring for Our Children, 3rd Ed; and other evidence-based treatment recommendations.

COMING SOON!

FREE CHILDCARE FOUNDATIONAL TRAINING

As a training partner with the **WI Department of Children and Families (DCF)**, Northwood Tech will have limited space availability as part of the free Child Care Foundational Training program, specifically for new child care professionals.

The Child Care Foundational Training courses include the following noncredit trainings delivered in an interactive format (note: current online courses do not meet the interactive requirement, so normal tuition and fees apply).

- Introduction to the Child Care Profession
- Fundamentals of Infant and Toddler Care
- Fundamentals of Family Child Care
- Skills & Strategies for the Child Care Teacher

See DCF's website for additional information and FAQs at <https://dcf.wisconsin.gov/ccregulation/foundational-training>

To be added to the Northwood Tech contact list when class dates and information are available, please email gina.monicken@northwoodtech.edu

First Aid Heartsaver - AHA

47-531-421

The Heartsaver First Aid Course is designed to teach rescuers the knowledge and psychomotor skills they need to recognize emergencies and to give CPR and first aid until EMS arrives. The goal of the course is to train laypeople in first aid assessments and actions that have been shown to make a difference in mortality and morbidity rates.

KEEP ON TRUCKIN'

"I was nervous being a female student entering a nontraditional field, but Ms. Running was welcoming and made me feel like I belonged there. Because of her ongoing support and determination to see me succeed, I passed my CDL exam and was on the road two weeks later.

I highly recommend the CDL program at Northwood Technical College!"

- CDL Student

REGISTRATION POLICIES

Nondiscrimination Notice

Northwood Technical College is an equal opportunity employer/educator functioning under the affirmative action plan. Northwood Technical College does not discriminate on the basis of race, color, ancestry, religion, sex, service in the uniformed services, veteran status, national origin, age, disability, sexual orientation, marital or family status, pregnancy, pregnancy-related conditions or status in any group protected by federal, state or local law in employment, admissions or its programs, services or activities, including but not limited to admissions, treatment and access. The following person has been designated to handle inquiries regarding the nondiscrimination policies: Amanda Gohde, Director, Human Resources, Equal Opportunity/Access & Affirmative Action Officer, 1900 College Drive, Rice Lake WI 54868, 715-645-7042, Amanda.Gohde@northwoodtech.edu.

Accommodations for Persons With Disabilities

Reasonable accommodations for persons with disabilities will be made to ensure access to academic programs, activities, services and employment in accordance with 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act of 1990 and the Americans with Disabilities Act (ADA) Amendments Act of 2008. If accommodations are needed, the student should contact the campus Accommodations Specialist or Amanda Gohde, Director, Human Resources, Equal Opportunity/Access & Affirmative Action Officer, at 715.645.7042, 30 days in advance of needed assistance.

Senior Fees

Northwood Technical College has implemented a waiver for students ages 62 plus. This waiver is for personal enrichment courses only (the catalog number begins with 60) and provides up to a 40% discount. (Amount varies based on material fees.) Students age must be 62 plus at the start of the term (6/1 for summer, 8/23 for fall, 12/19 for spring). Students ages 62 plus who are enrolled in professional courses (catalog number begins with 42 or 47) are still exempt from program fees under State Statute 38.24 (1)(b) and only required to pay material fees, which is approximately \$4.50 for many courses.
