NORTHWOOD TECH Continuing Education

PROFESSIONAL DEVELOPMENT / LIFE & LEISURE

Welcome to Northwood Tech's Summer 2023 Continuing Education catalog. Inside you will find a variety of informative and exciting Professional Development and Life & Leisure courses, designed to enhance your learning experience. We are pleased to continue to provide these learning opportunities for you! Courses are offered in a variety of instructional formats, including:

On Site

These courses are offered in person at a variety of campus locations throughout the district, providing face to face instruction and interaction with the instructor.

Online Live

These courses are offered during a specific time period that can be accessed from your home or office computer or tablet using free web-conferencing software. You will receive log-in information about 1 - 3 days prior to class through the email address you provide when you register. Your computer must have a reliable internet connection, microphone and camera. You can interact with the teacher during the class.

Online

These courses are offered via the Internet and accessed by using a web browser. You can access the course at any time. Offline supervised tests/exams at specified sites may be conducted in conjunction with these courses.

It's Easy to Register!

ONLINE | PHONE | MAIL

For complete registration information, please see page 18.

YOUR INVESTMENT, THEIR FUTURE

The **Northwood Tech Foundation**

Mission is to encourage the success and achievement of Northwood Tech students, staff, faculty and alumni.

Our students are pursuing an education for a chance at a better life – for themselves and for their families. Together, we help them achieve their dreams. For information on how you can take part in this mission & support students in your area, visit: northwoodtech.edu/foundation

LIFE & LEISURE

Art

Drawing for the Absolute Beginner

Gain a solid foundation in the basics of drawing to become the artist you've always wanted to be. This course will help you become familiar with paper type, drawing styles, techniques, and basic principles of perspective, layout and design. Ed2Go is the online delivery platform for this class and all tech support and class assistance is handled directly through Ed2Go. Register and pay via Ed2Go at northwoodtech.edu/continuing-education-and-training/professional-development/online-classes

N/A	Start dates vary Online	Fee TBD Ed2GoStaff
-----	----------------------------	-----------------------

Introduction to Interior Design

Learn to transform plain living spaces into beautiful and functional rooms. This course will teach you how to design every aspect of a room while taking into account color theory, industry trends, special arrangements, floor plans, design ideas, and interior design basics. Ed2Go is the online delivery platform for this class and all tech support and class assistance is handled directly through Ed2Go. Register and pay via Ed2Go at northwoodtech.edu/continuing-education-and-training/professional-development/online-classes

N/A	Start dates vary Online	Fee TBD Ed2GoStaff
-----	----------------------------	-----------------------

Real Estate

Completing this course will prepare you for the WI Real Estate license exam.

Jun 1 - Aug 27 | Pg 11

Introduction to Photoshop CC

Whether you are a photographer, digital illustrator, graphic designer, or someone who wants to alter old family photos, you need to learn Adobe Photoshop. Learn easy-to-follow, detailed step-by-step instructions that teach you how to edit and manipulate images and create basic compositions using Photoshop in the Creative Cloud. Discover how to improve photographs by editing out flaws, correcting poor exposure, or creating a composite image using the newest techniques Photoshop has to offer. Ed2Go is the online delivery platform for this class and all tech support and class assistance is handled directly through Ed2Go. Register and pay via Ed2Go at northwoodtech.edu/continuing-education-and-training/professional-development/online-classes

N/A	Start dates vary Online	Fee TBD Ed2GoStaff
-----	----------------------------	-----------------------

Photographing Nature with Your Digital Camera

Discover how your nature photos can become works of art rather than just snapshots. This course will help you explore composition and lighting as you master your digital camera's controls and features to take exceptional nature photos in no time. Ed2Go is the online delivery platform for this class and all tech support and class assistance is handled directly through Ed2Go. Register and pay via Ed2Go at northwoodtech.edu/continuing-education-and-training/professional-development/online-classes

Driver Safety

Driver Education - Theory

42-812-401

Students gain awareness of the driving task and the responsibilities that accompany it. They demonstrate knowledge of traffic laws and regulations that help provide safe and efficient patterns. Students understand the impact that natural forces and conditions have concerning driving. They learn to identify hazardous conditions and react appropriately to avoid or minimize problems. Students develop an attitude of safe, courteous, and defensive driving. **Please note - This is an online class with specific assignments to be completed each of the six weeks. Assignments open each Monday morning, and students can work on their assignments anytime throughout the week but must have the assignments completed by Sunday evening.

Traffic Safety for Point Reduction

42-812-404

Participants of the Traffic Safety course will examine their driving behavior and review traffic laws and penalties. Emphasis will be placed on ways to drive responsibly. The Traffic Safety class will show participants how to develop a change plan to reduce their risk of traffic violations and crashes. Students who successfully complete this Traffic Safety class may be eligible to receive a three-point reduction from their driving record. This class also meets the requirements for anyone that has received a "Failure to Yield Right of Way Violation" 2011 Wisconsin Act 173-346.18.

Gardening

Foraging Greens Galore **NEW!**

60-001-601

Identify and harvest approximately 20 wild edible plants of early summer in Northern Wisconsin! Learn about safe foraging practices, responsible harvest, and the role of foraging in its cultural and ecological context. This workshop happens on the move, so come ready to walk. Your instructor has been a lifelong forager. From his origin in South Chicago to his current residence in Ashland, he's been eating things found on the lawn and teaching his friends about them. His enthusiasm for foraging has only grown. Over the years, he has taught dozens of workshops and loves sharing his knowledge and passion with his students.

Motorcycle - Basic Rider 2

42-816-401

The Basic Rider Course-2 (BRC2) is a one-day (8 hour) class for riders who have their own motorcycle, have been riding for one to three years, and have accumulated 3000 to 5000 miles on their current motorcycle. If a rider does not as yet have their Wisconsin Class M Endorsement, they may still participate on a Wisconsin motorcycle Instructional Permit. The BRC2 course also serves as a license skills test waiver in Wisconsin. This course is not intended for a true novice rider. The course consists of three hours of classroom covering risk management, rider awareness, rider impairment, traffic management, perception and observation, and traction management. A written test is also included. The riding portion of the class is five hours of advanced cornering, braking skills, swerving to avoid obstacles, tight slow speed handling, and combinations of curves. A pre-qualification exercise determines whether the rider has enough of the basic skills to continue in this advanced course. Tuition is non-refundable if a student does not have the skills to continue with this course. The BRC2 also involves a riding evaluation at the end. **PREREQUISITES:** Students must be 18 years of age, have a motorcycle permit or M endorsement. DOT approved helmet, eye protection, jacket or long-sleeved shirt, full-fingered gloves, long pants, proper footwear. The class is run with your own motorcycle. Your motorcycle must pass safety standards including two safe tires, functional brakes, and lights. Proof of insurance and registration will be checked. Motorcycles must pass T-CLOCS inspection to be signed off by a Rider Coach. E-course is required; see e-course details under Basic Rider 1 description.

Physical Education

Hatha Yoga

60-807-628

Hatha Yoga is a very gentle style of yoga that combines stretching (postures) with breath work and meditation to connect you to all parts of yourself. A few of the many benefits include improved flexibility, mobility, strength, circulation, relaxation, balance and energy. Yoga helps to bring awareness and trust to your body, calmness to your restless mind and joy to your spirit. Please bring your own mat, a blanket, two yoga blocks and a 6-8 foot strap. As always, please check with your physician before starting this or any other exercise class.

Nitro-X Automotive Camp

47-404-411

Discover how vehicles work, build your confidence with technical skills, work in teams to develop life and employability skills, gain exposure to the industry, and show off your skills in an auto race. Work with an auto professional to personalize a car body using the same materials and techniques in the auto body and collision repair industry. Meet new friends, tour local businesses, and enjoy race day to discover who can master the road course and see whose custom-painted car body is best-in-show. Lunch is included (students with food sensitivities are encouraged to bring their own food). This camp is possible with a partnership between Don Johnson Motors and the Wisconsin Automobile and Truck Dealers Foundation.

Web-based Tools

Buy/Sell on Facebook

60-107-602

Facebook took on Etsy and eBay in 2016 with the launch of Marketplace, a feature within the main Facebook app that you can use to buy and sell goods. We've seen it work really well on a local basis because it's so simple to see free and paid-for items that are around where you live and around the stuff you're interested in. Before marketplace, people used Facebook Groups to buy, sell and trade even barter. You could set up a garage sale-type group for your community, for instance, so that people in your local neighborhood could post things they had for sale and look for items from others. It was a bit clunky though, with Marketplace offering a much more streamlined approach.

Emergency Medical Services

ASHI Pediatric 1st Aid/CPR Renewal

47-531-417

ASHI Pediatric CPR, AED, and First Aid training program provides an ideal training solution for schools, child care providers, youth sports coaches, and others required to learn how to respond to medical emergencies involving children. This versatile program is based upon the 2020 CPR and First Aid Guidelines, Caring for Our Children, 3rd Ed; and other evidence-based treatment recommendations.

41155	Aug 16 Superior: 111	W 6p-10p	\$36/\$21.38 Instructor TBD

ASHI Pediatric 1st Aid and CPR

47-531-420

This course will help students gain the knowledge, skills and confidence necessary to respond to and manage medical emergencies involving children and infants until more advanced help is available. A student will be taught the updated guidelines of CPR, and an automated external defibrillator (AED), and first aid for children and infants. This course will certify a student for 2 years in CPR/AED/First Aid. Students will have the option to download a book from the internet after successful completion of the course.

BLS Basic Life Support

47-531-437

The BLS Basic Life Support Course is designed to teach the skills of CPR for victims of all ages including ventilation with a barrier device and use of an automated external defibrillator (AED), and relief of foreign-body airway obstruction (FBAO). It is intended for participants who provide health care to patients in a hospital setting and out-of-hospital settings. This course is for anyone that is required to take a health care provider course for employment. All participants who successfully complete the course, including the written examination and skill demonstrations will receive a BLS Basic Life Support provider completion card that will certify them for two years (credential.) Book provided at class.

Driver Training

CDL Permit Prep Online

47-458-405

This is a self-study online course. You may study at your own pace for the written Commercial Driver's License Permit test. This is applicable to Class A or Class B students.

Are you interested in obtaining your Commercial Driver's License? Did you know that before learning how to drive a rig, you need to get a learning permit? This online course is designed for you to progress at your own pace. Receive links to WI Commercial Driver's Manual (WI CDM), suggested readings and study aids, and sample tests which will help prepare you for the CDL Permit Exam. There are no deadlines other than you must be completed with all tests and activities before the end of the academic semester.

Featured Certificates 2023

Agricultural Business Fundamentals

Pathway Certificate 11 credits

The business side of the farm operation is often times the most critical part of any farm regardless of focus. In this pathway, students will learn what financial records to keep, how to market commodities, analyze financial benchmarks, along with assessing new technology.

31094343	Farm Commodities	2 credits
31080378	Emerging Trends in Agriculture	3 credits
31080375	Farm Records and Analysis	3 credits
31080370	Operating the Farm Business	3 credits

Business Administration Specialist

Technical Certificate 18 credits

This certificate will provide you with the well-rounded skills that are necessary to become an integral support employee in a business firm.

10105100	Introduction to Business	3 credits
10105125	Business Law	3 credits
10145101	Entrepreneurship	3 credits
10196191	Supervision	3 credits
10801197	Technical Reporting	3 credits
10116100	Human Resource Management	3 credits
10104198	Managing Human Resources	3 credits

Business Graphics

Technical Certificate 10 credits

Learn the Adobe Creative Suite basics to create graphic based designs for your organization or update projects in place. Students will learn Photoshop, Desktop Publishing, and Web & Social Media skills to engage and attract customers via many marketing platforms and strategies. Numerous social media platforms, website builders, and design-based apps are introduced and used in the creative process while working on project-based designs.

10103156	Adobe Photoshop	2 credits
10106127	Desktop Publishing	2 credits
10106129	Web and Social Media Technologies	3 credits
10106147	Advanced Graphics Applications	3 credits

Crop Production

Pathway Certificate 9 credits

The Crop Production pathway certificate will teach you the fundamentals of soil science and basic agronomy skills. Couple those skills with farm records and financials, and you will be prepared to rejoin your family's crop operation or manage your own farm after successful completion of this certificate.

31080371	Soil Management	3 credits
31080372	Crop Management	3 credits
31080375	Farm Records and Analysis	3 credits

Customer Service Specialist

Technical certificate 14 credits

Customer service specialists are in high demand in every organization. The ability to communicate clearly, listen effectively and provide exceptional customer service are essential skills for these positions. The Customer Service Specialist Certificate prepares you to serve a diverse customer base in business.

10104191	Customer Service Management	3 credits
10104102	Marketing Principles	3 credits
10104104	Selling Principles	3 credits
10196138	Conflict Resolution and Confrontation Skills	1 credit
10801196	Oral/Interpersonal Communication	3 credits
10890116	Job Quest	1 credit

Contact your local campus Student Services office for more information and registration details about any certificate. Visit us online at www.northwoodtech.edu/certificate for the full list of offered certificates and their requirements. *Academic support services are available.

REGISTRATION POLICIES

Nondiscrimination Notice

Northwood Technical College is an equal opportunity employer/educator functioning under the affirmative action plan. Northwood Technical College does not discriminate on the basis of race, color, ancestry, religion, sex, service in the uniformed services, veteran status, national origin, age, disability, sexual orientation, marital or family status, pregnancy, pregnancy-related conditions or status in any group protected by federal, state or local law in employment, admissions or its programs, services or activities, including but not limited to admissions, treatment and access. The following person has been designated to handle inquiries regarding the nondiscrimination policies: Amanda Gohde, Director, Human Resources, Equal Opportunity/Access & Affirmative Action Officer, 1900 College Drive, Rice Lake WI 54868, 715-645-7042, Amanda.Gohde@northwoodtech.edu.

Accommodations for Persons With Disabilities

Reasonable accommodations for persons with disabilities will be made to ensure access to academic programs, activities, services and employment in accordance with 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act of 1990 and the Americans with Disabilities Act (ADA) Amendments Act of 2008. If accommodations are needed, the student should contact the campus Accommodations Specialist or Amanda Gohde, Director, Human Resources, Equal Opportunity/Access & Affirmative Action Officer, at 715.645.7042, 30 days in advance of needed assistance.

Senior Fees

Northwood Technical College has implemented a waiver for students ages 62 plus. This waiver is for personal enrichment courses only (the catalog number begins with 60) and provides up to a 40% discount. (Amount varies based on material fees.) Students age must be 62 plus at the start of the term (6/1 for summer, 8/28 for fall, 12/23 for spring). Students ages 62 plus who are enrolled in professional courses (catalog number begins with 42 or 47) are still exempt from program fees under State Statute 38.24 (1)(b) and only required to pay material fees, which is approximately \$4.50 for many courses.
