●This class is offered on site for the first week. Starting week two, this course will be delivered both On Site and Online Live based on the requirement of when on campus equipment is needed for lab exercises. Your instructor will communicate with you when you may be required to be On Site and when Online Live would be available to you as an option.

*A combination of Online, On Site, and/or Online Live instruction is provided by your instructor and your attendance is required.

«This course will be delivered virtually using web conferencing in real-time on the days and times scheduled. Attendance is expected during designated class hours by logging into your course remotely. Students will not be on campus to attend this course.

Δ This is an OER (Open Educational Resources) course, meaning you do not have to buy a textbook. Instead, you will use internet resources and documents posted in Blackboard. If you are taking the course online, you are expected to regularly engage in the course throughout the week, with interactive assignments (such as midweek discussions). You will need to record your speeches in front of a live audience of four (audience members must be able to read and write to provide feedback). You can have a live virtual audience (e.g., via Facebook live) in order to follow safe-gathering guidelines. You will need a reliable recording device to record speeches and upload videos to YouTube.

🌐 Online course delivery requires you have access to a computer and the internet to receive instruction and participate in class activities. While there are no scheduled meeting times, you are responsible for meeting course deadlines as set by the instructor. For additional information about online resources available at Northwood Technical College go to <https://learningcommons.northwoodtech.edu/resources>. You are expected to engage in interactive assignments throughout the week and you will be asked to record speeches in front of a live audience for this class.

Please be advised that low-enrollment class sections may be canceled.
