●Online course delivery requires you have access to a computer and reliable internet to receive instruction and participate in class activities. While there are no scheduled meeting times, you are responsible for meeting course deadlines as set by the instructor. For additional information about online resources available at Northwood Tech go to <https://learningcommons.northwoodtech.edu/resources>

◊This class is offered on site and instructor location may vary. Your instructor may teach class to several locations at the same time. Attendance is required in a classroom.

ⓂYour Choice courses provide the flexibility of online with the advantage of access to live interaction with your instructor. In the Your Choice format, you may choose to attend classes On Site, Online Live, or completely Online. Classroom recordings from your instructor are made available for convenient, online viewing. There are deadlines for assignments & class collaboration, and student/teacher interactions are determined by you and your individual instructor.

↗An internship class provides short-term work experience in which you receive training and gain experience in a specific field or career area. Internship is supervised by an instructor, may be paid or unpaid, and may vary in hours and length. Please contact your instructor to schedule specific days and times.

vClinical classes appear on your schedule from 7:00am to 7:30am, but actual clinical times will be determined by your clinical location.

∞Online course delivery requires you have access to a computer and the internet to receive instruction and participate in class activities. While there are no scheduled meeting times, you are responsible for meeting course deadlines as set by the instructor. For additional information about online resources available at Northwood Technical College go to <https://learningcommons.witc.edu/resources>. You are expected to engage in interactive assignments throughout the week and you will be asked to record speeches in front of a live audience for this class.

!This is an OER (Open Educational Resources) course, meaning you do not have to buy a textbook. Instead, you will use internet resources and documents posted in Blackboard. You will need to regularly engage in the course throughout the week, with interactive assignments (such as a midweek discussion). You will also be expected to collaborate with classmates as part of a group project. Online students will need a webcam and a reliable audio recording device.

Please be advised that low enrollment class sections may be cancelled.
