> This course will be delivered virtually using web conferencing in real-time on the days and times scheduled. Attendance is expected during designated class hours by logging into your course remotely. Students will not be on campus to attend this course.

^ The labs for this course meet in an online live format with the exception of 1 lab per semester meeting on a nearby farm. This lab will be collaboratively scheduled with students and instructor.

! The labs for this course meet in an online live format with the exception of 2 lab per semester. One lab will meet on a nearby farm. This lab will be collaboratively scheduled with students and instructor. The second lab will require travel to the Rice Lake Campus to use the Bovine Dystocia and Artificial Insemination Simulator.

Online classes appear on your schedule from 7:00 to 7:30 a.m., but you are not required to log in at that time. Actual class participation is determined by you based on your schedule or as communicated by your instructor.

Ω A work-based learning class provides short-term work experience in which you receive training and gain experience in a specific field or career area. Work-based learning is supervised by an instructor, and may vary in hours and length.

Please be advised that low enrollment class sections may be canceled.
