Leadership 201 **NEW!**

47-196-421

Leadership 201: A Deeper Dive takes your leadership skills to the next level by exploring the complex dynamics that drive high-performing teams and effective decision-making. Through discussions and group activities go beyond foundational principles to focus on critical areas like Conflict Resolution, where you'll learn to navigate disagreements with confidence, turning tension into opportunities for growth and innovation. You'll also expand your understanding of Emotional Intelligence, sharpening your ability to read a room, respond with empathy, and build trust across diverse teams. As today's workplaces continue to evolve, Adapting to Change becomes essential. Become quip with tools to embrace uncertainty, guide your team through transitions, and maintain momentum during challenging times. Finally, this workshop emphasizes Teamwork at a deeper level helping you foster collaboration, manage group dynamics, and align individuals toward a shared vision. Whether you're stepping into a new leadership role or looking to refine your existing approach, this course empowers you to lead with greater insight, flexibility, and impact. MS Excel Essentials

47-103-401

This 4-session class includes the full Microsoft Excel series, including navigation and setup, formatting text and data, formulas and functions, and analyze and chart data. See individual class descriptions for full details and topics covered.

64875	Oct 7-Oct 28	T 10:30a-12:30p	\$69/\$38.43
	Online Live		Gideon Mayhak

MS Excel: Navigate & Setup

47-103-401

Get started with the essentials of MS Excel. This course will cover a variety of topics on navigation and setup of workbooks and worksheets, such as: select cells and ranges, plan and create a workbook, resize columns and rows, copy and paste formulas, move or copy cells and ranges, create patterned text with Flash Fill, add cell borders and change font size, change worksheet views, prepare for printing and more.

64878	Oct 7	T 10:30a-12:30p	\$21/\$13.36
	Online Live		Gideon Mayhak

MS Excel: Format Text & Data

47-103-401

The focus of this course will be formatting the text and data of your MS Excel workbook. Learn to change fonts and font style or color, add fill colors and background images, create formulas to calculate sales data, format numbers as currency and percentages, format dates and times, use the find and replace functions, change themes, merge a group of cells, apply cell styles, use the average function, copy and paste formats with Format Painter and more.

64879	Oct 14	T 10:30a-12:30p	\$21/\$13.36
	Online Live		Gideon Mayhak

MS Excel: Formulas & Functions

47-103-401

Learn about the powerful tools to perform calculations with formulas and functions in MS Excel. Topics in this course include: translate an equation into a function, calculate with dates and times, extend data and formulas with AutoFill, calculate statistics, Quick Analysis toolbar, Function Library, absolute and relative cell reference, logical function, data with lookup tables, and what-if analysis with Goal Seek.

64880	Oct 21	T 10:30a-12:30p	\$21/\$13.36
	Online Live		Gideon Mayhak

MS Excel: Analyze & Chart Data

47-103-401

Learn to analyze data with charts, which are graphic elements that illustrate data. Specific topics in this course include: create a variety of chart styles (pie, line, scatter, combination), format chart elements, work with chart legends, edit a chart data source, create a data callout, insert shapes and icons into a worksheet, use a data bar and sparklines.

64881	Oct 28	T 10:30a-12:30p	\$21/\$13.36
	Online Live		Gideon Mayhak

Classic Sign Painting **NEW!**

60-815-600

Ready to uncover the timeless craft of hand-lettering? This immersive class dives into traditional sign painting techniques, guiding you through creating paper patterns, using pounce tools, and mastering the art of the brush. You'll learn to freehand popular font styles like script and casual lettering, and add depth with drop shadows. We'll even explore how modern vinyl graphics can complement your hand-lettered designs, just like the pros do! Your registration fee includes a starter kit: Pounce Art Powder, a hand-lettering brush, paint thinner, paint, and a board surface for lettering. Just remember to wear clothes suitable for painting. All skill levels are welcome!

From the Blues to Bob Dylan NEW!

60-805-605

Dive into the rich tapestry of American folk music! This course explores the history of the genre, from its 19th-century roots to the enduring appeal of today. We'll journey through the stories these songs told, tracing their evolution from early American folk to the blues, the protest anthems of Woody Guthrie and Pete Seeger, and the urban folk revival of the 1960s with icons like Bob Dylan and Joan Baez. We'll even touch on the dawn of folk rock, featuring bands like The Byrds and Buffalo Springfield. Ability to read music is not necessary to enjoy this class. Your instructor, Dr. Caleb Boyd, received his PhD in Music from Washington University in St. Louis in 2020. He specializes in American music history and has previously taught at the University of Tampa.

65542	Sep 18-Nov 6	Th 6p-7:30p	\$83/\$51.80
	Online Live		Dr. Caleb Boyd

What's That Sound? NEW!

60-805-605

Enhance your understanding of popular music. This course will guide you through an examination of the forms, lyrics, instrumentation, and social contexts of various popular song genres, including blues, jazz, pop, rock, country, and rap. Special emphasis will be placed on common song forms, particularly verse-chorus structures. Learning to recognize a song's form and understanding its lyrical content and historical context will lead to a more enriching listening experience. Ability to read music is not necessary to enjoy this class. Your instructor Dr. Caleb Boyd received a PhD in Music from Washington University in St. Louis in 2020; he specializes in American music history and has previously taught at the University of Tampa.

Emergency Medical Services

ASHI Pediatric 1st Aid/CPR

47-531-420

This course will help students gain the knowledge, skills and confidence necessary to respond to and manage medical emergencies involving children and infants until more advanced help is available. A student will be taught the updated guidelines of CPR, and an automated external defibrillator (AED), and first aid for children and infants. This course will certify a student for 2 years in CPR/AED/First Aid. Students will have the option to download a book from the internet after successful completion of the course.

Early Childhood Education: Process Vs Product Art | Pg 7

Explore creative art activities for children, focusing on both process art and product art. The session will include examples, explanations, and hands-on projects suitable for toddlers through school-age children.

BLS Basic Life Support

47-531-437

The BLS Basic Life Support Course is designed to teach the skills of CPR for victims of all ages including ventilation with a barrier device and use of an automated external defibrillator (AED), and relief of foreign-body airway obstruction (FBAO). It is intended for participants who provide health care to patients in a hospital setting and out-of-hospital settings. This course is for anyone that is required to take a health care provider course for employment. All participants who successfully complete the course, including the written examination and skill demonstrations will receive a BLS Basic Life Support provider completion card that will certify them for two years (credential.) Book provided at class.

KEEP ON TRUCKIN' Truck Driving | Class B | CDL Permit Prep

Take the wheel! There's a high demand for professional truck drivers. Northwood Tech can help you earn your commercial driver's license. Professional truck drivers are responsible for the safe, efficient delivery of goods between locations. Spend time behind the wheel learning how to maneuver trucks in a variety of real-world scenarios. You will develop backing and driving skills through classroom, lab, range and roadway experiences.

For more information, visit NorthwoodTech.edu or contact us at **800.243.9482**

TRANSPORTATION

Commercial Driving

CDL Class B 1

47-458-407

Professional drivers are responsible for the safe and efficient delivery of goods. This course will prepare you for that through a driving simulator and behind-the-wheel activities. The course includes an introduction to the industry, vehicle inspections and systems overview, safe driving techniques, cargo documentation and employer/employee relations. The Class B license does not allow a driver to operate tractor-trailers or other combination vehicles. A student must have their Class B permit before starting this course.

Driver Education

Driver Education - Theory

42-812-401

Students gain awareness of the driving task and the responsibilities that accompany it. They demonstrate knowledge of traffic laws and regulations that help provide safe and efficient patterns. Students understand the impact that natural forces and conditions have concerning driving. They learn to identify hazardous conditions and react appropriately to avoid or minimize problems. Students develop an attitude of safe, courteous, and defensive driving. Please register for this class via our online registration system at bit.ly/NorthwoodTech_driversed

Motorcycle - Basic Rider 2

42-816-401

The BRC2 is a one-day, advanced class for riders with 1-3 years of experience and 3,000-5,000 miles on their motorcycle. This course, which serves as a license test waiver in Wisconsin, covers advanced riding techniques like cornering, braking, and obstacle avoidance. Riders must bring their own motorcycle, pass a safety inspection, and wear proper gear (helmet, gloves, eye protection, etc.). A pre-qualification exercise ensures riders have the necessary skills to continue. Tuition is non-refundable if a rider cannot continue due to skill level. For pre-class instructions and registration, visit bit.ly/northwoodtech_motorcyclesafety

Traffic Safety

Traffic Safety for Point Reduction

42-812-404

In this course, participants will review their driving habits, traffic laws, and penalties, with an emphasis on responsible driving. The class will guide students in creating a plan to reduce their risk of traffic violations and crashes. Successful completion may qualify for a three-point reduction on your driving record and satisfies the requirement for those with a "Failure to Yield Right of Way" violation.

REGISTRATION POLICIES

Nondiscrimination Notice

Northwood Technical College does not discriminate on the basis of race, color, ancestry, religion, sex, service in the uniformed services, veteran status, national origin, age, disability, sexual orientation, marital or family status, pregnancy, pregnancy-related conditions or status in any group protected by state or local law in employment, admissions or its programs or activities. The following person has been designated to handle inquiries regarding the College's nondiscrimination policies: Amanda Gohde, AA/EEO Officer/Title IX Coordinator/ Vice President of Talent and Culture. 1900 College Drive Rice Lake, WI 54868, 715.645.7042. Wisconsin Relay System TTY:711. Amanda.Gohde@NorthwoodTech.edu

Accommodations for Persons With Disabilities

Reasonable accommodations for persons with disabilities will be made to ensure access to academic programs, activities, services and employment in accordance with 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act of 1990 and the Americans with Disabilities Act (ADA) Amendments Act of 2008. If accommodations are needed, the student should contact the campus Accommodations Specialist or Amanda Gohde, A/EEO Officer/Title IX Coordinator/Vice President of Talent & Culture at 715.645.7042, 30 days in advance of needed assistance.

Senior Fees

Northwood Technical College has implemented a waiver for students ages 62 plus. This waiver is for personal enrichment courses only (the catalog number begins with 60) and provides up to a 40% discount. (Amount varies based on material fees.) Students age must be 62 plus at the start of the term. Students ages 62 plus who are enrolled in professional courses (catalog number begins with 42 or 47) are still exempt from program fees under State Statute 38.24 (1)(b) and only required to pay material fees, which is approximately \$5 for many courses.

MOTORCYCLE SAFETY CLASSES

Ready to ride? Whether you're a brand new rider or have years of experience, motorcycle safety courses at Northwood Tech will teach you safe techniques for riding a motorcycle. Enroll in Motorcycle Basic Rider 1, Basic Rider 2, or 3 Wheel Basic Rider courses.
