NORTHWOODTECH.EDU

Welcome to Northwood Tech's Spring 2026 Continuing Education catalog. Inside you will find a variety of informative and exciting Professional Development and Life & Leisure courses, designed to enhance your learning experience. Courses are offered in a variety of instructional formats, including:

On Site

These courses are offered in person at a variety of campus locations throughout the district, providing face to face instruction and interaction with the instructor.

Online Live

These courses are offered during a specific time period that can be accessed from your home or office computer or tablet using free web-conferencing software. You will receive log-in information about 1 - 3 days prior to class through the email address you provide when you register. Your computer must have a reliable internet connection, microphone and camera. You can interact with the teacher during the class.

Online

These courses are offered via the Internet and accessed by using a web browser. You can access the course at any time. Offline supervised tests/exams at specified sites may be conducted in conjunction with these courses.

It's Easy to Register! ONLINE | PHONE | MAIL

For complete registration information, please see [page 22](#).

Leadership 201

47-196-421

Leadership 201: A Deeper Dive takes your leadership skills to the next level by exploring the complex dynamics that drive high-performing teams and effective decision-making. Through discussions and group activities this workshop goes beyond foundational principles to focus on critical areas like Conflict Resolution, where you'll learn to navigate disagreements with confidence, turning tension into opportunities for growth and innovation. You'll also expand your understanding of Emotional Intelligence, sharpening your ability to read a room, respond with empathy, and build trust across diverse teams. As today's workplaces continue to evolve, Adapting to Change becomes essential. Leadership 201 equips you with tools to embrace uncertainty, guide your team through transitions, and maintain momentum during challenging times. Finally, this workshop emphasizes Teamwork at a deeper level helping you foster collaboration, manage group dynamics, and align individuals toward a shared vision. Whether you're stepping into a new leadership role or looking to refine your existing approach, this course empowers you to lead with greater insight, flexibility, and impact. Lifelong Learning

401(K) Income & Tax Strategy **NEW!**

60-308-601

This two-session course is designed for financially stable adults who want to go beyond the basics of investing. Learn practical strategies to optimize your retirement plan and build confidence in managing income and taxes during retirement. Session one focuses on optimizing your 401(k). Explore advanced ways to maximize contributions, understand employer matches, evaluate fees, and align investment choices with long-term goals. We'll also cover vesting schedules, catch-up contributions, and common mistakes that can erode your savings. Session two shifts to investing in retirement. Learn how to make your money work for you after you've left the workforce. Topics include investment strategies for the distribution phase, balancing growth with stability, and managing risk. You'll also explore Social Security timing, tax-efficient withdrawal strategies, Roth conversions, and how to integrate these into a sustainable retirement income plan. Your instructor is a Certified Financial Planner and founder of Harvest Horizon Wealth Strategies, a firm that helps individuals and families navigate retirement, tax, and estate planning with clarity and confidence.

Business & Estate Plans **NEW!**

60-308-601

Protect your wealth. Plan your legacy. This two-session course is designed for adults who want to protect assets, provide for loved ones, and prepare for what comes next. Gain a deeper understanding of estate planning tools and how to approach the complex process of selling or transitioning a business. In session one, learn how wills, trusts, and beneficiary designations work together to form a strong estate plan. Explore the differences between revocable and irrevocable trusts, ways to avoid probate, reduce estate taxes, and protect assets for future generations. You'll also learn about charitable giving strategies and the importance of coordinating with legal and tax professionals. If you're a business owner, retirement planning includes preparing for a successful exit. Session two covers how to position your business for sale or succession, including valuation basics, tax considerations, and transition strategies. Learn how to align your exit plan with your retirement and estate goals for long-term security. Your instructor is a Certified Financial Planner and founder of Harvest Horizon Wealth Strategies, a firm that helps individuals and families navigate retirement, tax, and estate planning with clarity and confidence.

Hatha Yoga

60-807-628

Hatha Yoga is a very gentle style of yoga that combines stretching (postures) with breathwork and meditation to connect you to all parts of yourself. A few benefits include improved flexibility, mobility, strength, circulation, relaxation, balance, and energy. Yoga helps bring awareness and trust to your body, calmness to your restless mind, and joy to your spirit. Please bring your mat, a blanket, two yoga blocks, and a 6-8 foot strap. Please check with your physician before starting this or any other exercise class. This class is online using MS Teams. You will need reliable internet service, a microphone, and a camera. Register for this class at bit.ly/northwoodtech_yoga

ASHI Pediatric 1st Aid and CPR

47-531-420

This course will help students gain the knowledge, skills and confidence necessary to respond to and manage medical emergencies involving children and infants until more advanced help is available. A student will be taught the updated guidelines of CPR, and an automated external defibrillator (AED), and first aid for children and infants. This course will certify a student for 2 years in CPR/AED/First Aid. Students will have the option to download a book from the internet after successful completion of the course.

BLS Basic Life Support

47-531-437

The BLS Basic Life Support Course is designed to teach the skills of CPR for victims of all ages including ventilation with a barrier device and use of an automated external defibrillator (AED), and relief of foreign-body airway obstruction (FBAO). It is intended for participants who provide health care to patients in a hospital setting and out-of-hospital settings. This course is for anyone that is required to take a health care provider course for employment. All participants who successfully complete the course, including the written examination and skill demonstrations will receive a BLS Basic Life Support provider completion card that will certify them for two years (credential.) Book provided at class.

TRADES & MANUFACTURING

Advanced Manufacturing & Trades

Lead Safe Renovator Initial **NEW!**

This one-day course is designed for persons who conduct or oversee Maintenance, Remodeling, Renovation, and/or Painting activities in dwellings constructed before 1978. This course satisfies the training requirement to obtain EPA Renovator Certification. Topics covered include background information on lead, health effects of exposure to lead, regulations, worksite preparation, conducting interim control and non-abatement activities, worksite clean-up and disposal. Contractors conducting remodeling, renovating and/or painting activities in homes built before 1978 need to have at least one member of their crew certified as a Lead Safe Renovator. This course satisfies the training requirement to obtain certification as a

Lead-Safe Renovator through the Wisconsin Department of Health Services, and is approved by WI DSPS for 8 Residential Dwelling Contractor Qualifier Continuing Education Credits. This course is approved by MN DLI for 8 Hours of Residential Contractor Qualifying Person continuing education. Registration and additional information available at lakestates.com/classes/renovator-classes or 715.434.4467.

Machine Tool Operation

47-420-409

Gain the basic skills necessary to safely operate machine tool equipment at the beginning and intermediate levels. Through group lecture and demonstrations, learn safety, set ups, proper feeds, and speeds of machine tool equipment. An advanced lab opportunity is available for students demonstrating competency in safe operation of machines. You may be approved to work independently on selected vocational objectives with assistance from your instructor. Safety glasses required; work boots and ear protection recommended.

Driver Education

Driver Education - Theory

42-812-401

Students gain awareness of the driving task and the responsibilities that accompany it. They demonstrate knowledge of traffic laws and regulations that help provide safe and efficient patterns. Students understand the impact that natural forces and conditions have concerning driving. They learn to identify hazardous conditions and react appropriately to avoid or minimize problems. Students develop an attitude of safe, courteous, and defensive driving. Register for this class online at bit.ly/northwoodtech_diversed

Motorcycle - Basic Rider 2

42-816-401

The BRC2 is a one-day, advanced class for riders with 1-3 years of experience and 3,000-5,000 miles on their motorcycle. This course, which serves as a license test waiver in Wisconsin, covers advanced riding techniques like cornering, braking, and obstacle avoidance. Riders must bring their own motorcycle, pass a safety inspection, and wear proper gear (helmet, gloves, eye protection, etc.). A pre-qualification exercise ensures riders have the necessary skills to continue. Tuition is non-refundable if a rider cannot continue due to skill level. For pre-class instructions and registration, visit bit.ly/northwoodtech_motorcyclesafety

Traffic Safety

Traffic Safety for Point Reduction

42-812-404

In this course, participants will review their driving habits, traffic laws, and penalties, with an emphasis on responsible driving. The class will guide students in creating a plan to reduce their risk of traffic violations and crashes. Successful completion may qualify for a three-point reduction on your driving record and satisfies the requirement for those with a "Failure to Yield Right of Way" violation. To register, please visit us online at bit.ly/northwoodtech_trafficsafety

REGISTRATION POLICIES

Nondiscrimination Notice

Northwood Technical College does not discriminate on the basis of race, color, ancestry, religion, sex, service in the uniformed services, veteran status, national origin, age, disability, sexual orientation, marital or family status, pregnancy, pregnancy-related conditions or status in any group protected by state or local law in employment, admissions or its programs or activities. The following person has been designated to handle inquiries regarding the College's nondiscrimination policies: Amanda Gohde, AA/EEO Officer/Title IX Coordinator/ Vice President of Talent and Culture. 1900 College Drive Rice Lake, WI 54868, 715.645.7042. Wisconsin Relay System TTY:711. Amanda.Gohde@NorthwoodTech.edu

Accommodations for Persons With Disabilities

Reasonable accommodations for persons with disabilities will be made to ensure access to academic programs, activities, services and employment in accordance with 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act of 1990 and the Americans with Disabilities Act (ADA) Amendments Act of 2008. If accommodations are needed, the student should contact the campus Accommodations Specialist or Amanda Gohde, A/EEO Officer/Title IX Coordinator/Vice President of Talent & Culture at 715.645.7042, 30 days in advance of needed assistance.

Senior Fees

Northwood Technical College has implemented a waiver for students ages 62 plus. This waiver is for personal enrichment courses only (the catalog number begins with 60) and provides up to a 40% discount. (Amount varies based on material fees.) Students age must be 62 plus at the start of the term. Students ages 62 plus who are enrolled in professional courses (catalog number begins with 42 or 47) are still exempt from program fees under State Statute 38.24 (1)(b) and only required to pay material fees, which is approximately \$5 for many courses.

KEEP ON TRUCKIN' **Truck Driving | Class B | CDL Permit Prep**

Take the wheel! There's a high demand for professional truck drivers. Northwood Tech can help you earn your commercial driver's license. Professional truck drivers are responsible for the safe, efficient delivery of goods between locations. Spend time behind the wheel learning how to maneuver trucks in a variety of real-world scenarios. You will develop backing and driving skills through classroom, lab, range and roadway experiences.
