

American Dental Assistants Association

The Northwood Tech Dental Assistant Program encourages all students to become members of the American Dental Assistants Association (ADAA).

Student Membership (\$45 without insurance, \$55 with insurance). Click [here](#) to download instructions on how to sign up as a student.

Student membership may be granted to any student enrolled in a dental assisting program, or to a graduate of a dental assisting program enrolled full-time in either a program related to dentistry or in a college degree program, who will support and promote the objectives of this Association. A student member shall have the privilege of serving as a member of a council or committee. Student members shall pay annual dues as determined by the adopted budget of the Association.

Students pay \$45 for membership and an additional, optional \$10 for professional liability insurance. An instructor's signature is required with a student membership application to verify that the person applying is currently enrolled in a dental assisting program.

Students now have the option to apply online through our website. They will have to select a school from our list. If the school is not on that list, please contact techsupport@adaausa.org to have it added. In your email to Tech Support, please include the school name, mailing address, phone number Instructor's name (or program director's name), and email address.

If you would like an ADAA student pin mailed to you, send a request to info@adaausa.org. If there are multiple students joining from one school, the instructor can request pins be mailed to him/her at the school by sending an email to info@adaausa.org.

For paper applications, to reduce processing time instructors can include 1 payment (check or credit card) from either themselves or the school for multiple students. An example: if 4 students are applying for membership, a single payment of either 1 check or credit card for \$140 may be submitted, or \$180 if all 4 students wanted the liability insurance. Student pins will automatically be mailed out to the instructor listed on the paper application.
