

NORTHWOOD TECHNICAL COLLEGE
ASSOCIATE DEGREE NURSING
STUDENT POLICIES

ADN PURPOSES

The purposes of the Northwood Tech ADN program are:

- To provide learning experiences necessary for the individual to pass the NCLEX-RN and become an associate degree nurse
- To provide career mobility for the licensed practical nurse to become an associate degree nurse
- To provide ADN graduates with a base for further education in nursing
- To fill a need for registered nurses in the Northwood Tech geographic area
- To provide an opportunity, should the individual so desire, to pass the NCLEX-PN to become a licensed practical nurse at the completion of the second semester of the ADN program
