

Contacting Fieldwork Educators

Once you are provided the name of your fieldwork educator, you are to follow the instructions provided by the Academic Fieldwork Coordinator regarding contacting this person.

Fieldwork II

Contact your Fieldwork II Educator 1 month before each fieldwork placement starts, unless instructed differently by the Academic Fieldwork Coordinator.

Our relationships with the fieldwork educators are very important to the Northwood Tech OTA program. Contacting clinicians outside of your instructions to inquire about fieldwork placements is prohibited. If you do not follow the instructions provided by the Academic Fieldwork Coordinator, you will be placed on an improvement plan and possibly dismissed from the OTA program.
