

DISMISSAL FROM DA PROGRAM

The student will be dismissed from the DA program if any of the following occurs:

- Failing the same core (508) course more than one time
- Failing a total of three core (508) courses
- Failure to meet clinical performance expectations
- Failure to complete all course requirements
- Academic dishonesty

This policy reflects concerns for appropriate DA program standards from the DA faculty and Advisory Committee. This policy has become a typical standard in all DA programs throughout the state of Wisconsin.
