POLICY TITLE: GOVERNING PHILOSOPHY

The Board embraces a view toward governance that is strategic, future-oriented, proactive, positive, ambitious, and deliberative. This view encourages diversity in viewpoints, reinforces the centrality of Board policy-making and empowers the President with clear direction.

More specifically, the Board will:

1. Lead and inspire the organization through the careful establishment of broad organizational policies reflecting the community's values. The Board's major focus will be on the intended long-term impact of the College on the community (ENDS).
2. Operate in all ways mindful to its trusteeship obligation to its community.
3. Engage in continual development in the Board's governance process, including orientation of new members.

5. Monitor and discuss the Board's process and performance regularly for continuous improvement. Annual self-monitoring will include comparison of Board activity and discipline to policies in the GOVERNANCE PROCESS and BOARD-STAFF RELATIONSHIP categories.
6. Seek input from various sources including staff, students, alumni, employers, and other community members on Board policies on ENDS.
7. Work toward consensus for unofficial or informal issues.
8. Use a formal vote for official items requiring action.

Ad hoc committees ordinarily will assist the Board by preparing policy alternatives and implications for Board deliberations. In keeping with the Board's broader focus, ad hoc committees will normally not have direct dealings with current staff operations.
2. The Board may establish ad hoc committees when, in the judgment of the Board, such ad hoc committees are appropriate and required for the completion of a specific project or task. When such ad hoc committees are formed, the Board shall approve a statement of the committee's charge as well as a timeline for the completion of the committee's work.
