I. COLLEGE OVERVIEW

WISCONSIN INDIANHEAD TECHNICAL COLLEGE OVERVIEW

One of 16 districts in the Wisconsin Technical College System, WITC began serving Northwest Wisconsin in 1912 in Superior, and now has locations in Ashland (since 1921), Rice Lake (1941), and New Richmond (1967). WITC also has outreach centers in Balsam Lake, Hayward, and Ladysmith. The Administrative Office has been located in Shell Lake since 1973.

The WITC district encompasses 10,500 square miles with over 300,000 residents. Of the nearly 15,000 students served each year, 53 percent are female, 8 percent are ethnic minorities, and 76 percent are 20 years old or older.

The College is accredited through the Academic Quality Improvement Program (AQIP) of the Higher Learning Commission (<https://www.hlcommission.org/>). The College offers a variety of associate degrees, technical diplomas, short-term certificate programs, continuing education courses, and customized business training designed to help start or advance a career.

Operating under the direction of the Board of Trustees and the state technical college system, the College generates its revenue through student tuition and other student fees, local government, state and federal aids, and institutional revenue. The WITC Foundation also supports the College with scholarships, staff development training, and equipment donations.

The College works closely with local businesses, other educational institutions, and government and service agencies to develop partnerships. The Career Prep initiative, interactive television (ITV) networks, the Northwest Wisconsin Manufacturing Outreach Center (NWMOC), and the local Workforce Investment Boards (WIB) are just a few examples of WITC's collaboration for the benefit of its students and the community.

MISSION, VISION, AND VALUES

Mission

Learning First

Learning is our passion. As Northwest Wisconsin's leader in technical education, WITC creates dynamic opportunities for career preparation and personal effectiveness. We are committed to making each and every experience with us meaningful and professional.

Vision

An Innovative Journey

Education is a lifelong journey of learning and discovery. We embrace innovative theories, techniques, and technologies to ensure success in a changing world.

Values

Empowerment: We value an engaging and supportive environment that inspires learners to achieve their personal and professional goals.

Excellence: We value high-quality training, professional development, and customer service in a dynamic learning environment.

Innovation: We value flexible delivery options and embrace the latest theories and technologies to meet individual learners' needs.

Integrity: We value honesty, accountability, and diversity in an open and ethical environment.

Collaboration: We value partnerships that enhance learning, promote economic development, and improve the quality of life.

WISCONSIN INDIANHEAD TECHNICAL COLLEGE PURPOSES

As an accredited public postsecondary educational institution serving Northwest Wisconsin, Wisconsin Indianhead Technical College is committed to achieving our mission of “Learning First” by:

- ▶ Providing comprehensive programming to include certificates, diplomas, and associate degrees in occupational fields. Providing general studies courses to empower learners to become active and productive members of society.
- ▶ Providing support services to assist learners in achieving occupational, educational, and personal enrichment goals.
- ▶ Providing academic support to prepare learners for successful transition into employment or postsecondary programs.
- ▶ WITC is a local unit of government. More information can be found in Chapter 38 of Wisconsin State Statutes.

Twenty Four by Twenty One

Measurable goal:

Serve 2,400 FTE, 2,400 graduates, and 24,000 students annually by 2021

Purpose:

Increase enrollment by providing sustainable, community-focused opportunities for learning and student success

Key Strength 1:

AFFORDABLE: Emphasize status as a low-cost provider with high value to connect more people to programs and services

- Programming and services will be developed and deployed to improve affordable access for the underserved

- Working adults will have access to programs and services that help lead to improved employment opportunities

Key Strength 2:

STUDENT-CENTERED: Modify programs and services to reflect changing student needs and interests

- Scheduling practices will be modified to consider student needs in changing economy with shifting demographics

- Market research with recommendations will be used to determine the preferences of potential students who did not enroll

Key Strength 3:

REGIONALLY ALIGNED: Maintain a program mix that focuses on the needs of the regional economy to ensure graduate outcomes remain strong and employer needs are met

- Expand programming related to medical professions to address changing demographics

- Increase awareness of programming and employment opportunities in advanced manufacturing and related occupations in the trades

Key Strength 4:

COMMUNITY DRIVEN: Improve attainment through the development of local services and programming

- Leverage technology to extend high-quality campus-based programs and services communities throughout the regional service area

- Modify resource allocations to address shifting demographics and a changing market for potential students
