

**Northwood Technical College
Nursing-Associate Degree Program**

Clinical Verification Form

The deadline for all clinical verifications is **December 13, 2021**. Verification of required immunizations **MUST** be official documentation (clinic/school records, lab reports, WIR website). Dates written on your health form will not be accepted as verification of immunizations.

This includes:

- Wisconsin Caregiver Background Check
- Minnesota Caregiver Background Check (if applicable)
- National Criminal Background Check
- CPR for Healthcare Providers Certification
- Completed Health Form with physical exam (due December 13, prior to the semester start of core nursing)
- Evidence of Mantoux
- TDAP (tetanus boosters are good for 10 years)
- Hepatitis B Vaccine
- MMR X 2 or Titers for rubeola, mumps, & rubella (1)
- Varicella titer or immunization must be provided. A verbal history of disease is no longer acceptable.

I, _____, understand that if I do not submit all the above verifications on or before the due date of December 13, 2021. I will forfeit my position in the ADN program. If Student Passport rejects any of my documentation, I will have until January 3, 2022, to correct the problem and upload it to Student Passport's website. All corrected and updated documentation must be completed by the January 3, 2022, deadline or I will forfeit my position in the ADN program. I will be dis-enrolled in all courses, my position will be given to the next fully verified person on the alternate list, and I will have to re-petition for a spot in the program. I also understand that per college policy, Northwood Tech email is the primary means of communication and that I am responsible for frequently monitoring my Northwood Tech student email for any communication from my instructors.

Signature: _____ Date: _____

This form must be signed and submitted to your campus specific drobox.
