MA COURSEWORK

MA courses are developed so that they must be taken in order. **All** required courses **must be successfully** completed prior to starting 10509310 Medical Assistant Practicum.

CLASS COMMITMENT

The average amount of time spent in the classroom for a full-time student is between 32-35 hours per week. In addition to scheduled class time, it is expected that students spend at least two to three hours studying for each hour of classroom lecture they attend. This represents a significant time commitment, and most students find it necessary to reduce work hours during the program.

TRANSFER CREDIT

Official college transcripts are required for any college coursework that has been completed. Official college transcripts must be sealed and sent from the sending institution.

MA PROGRAM STANDARDS

Students **must** earn a grade of 2.0 or higher in all required courses. Students must also successfully pass all required course competencies. For specific program course requirements, see individual course syllabi. Failure to achieve a 2.0 in a course, failure to achieve the exam score as specified in the individual course syllabi or failure to pass all required course competencies will delay advancement in the program until an acceptable grade is achieved. Two program courses may only be repeated once. This policy also applies to coursework taken at other colleges. If a course needs to be repeated, please contact your advisor before registering. This includes taking a similar course at another college.

COMPUTER NEEDS

Since all Medical Assistant courses include a web-based component, students are required to have computer and internet access.
