Plan Description

Fall 2021 term 1216 Northwood Tech 3 installment Payment Plan: Students may self enroll into this payment plan and pay off their fees in 3 installments if their outstanding term fees, less anticipated financial aid are \$600.00 or more. This payment plan option is considered an educational loan with Northwood Tech. While enrolling in a payment plan a student may elect to schedule their installment payments for auto withdrawal from their checking or savings account, or to have their credit card auto debited. The first installment is due September 9, 2021 the second installment is due October 7, 2021 and the third installment is due November 4, 2021. Exact dates are listed in pay plan agreement. If an enrollment in the payment plan is completed after the due date of an installment, the missed installment is due at the time of enrollment into the plan. An installment is considered late one day after the installment due date, at which time Northwood Tech may pursue collection efforts. If a student drops from a class or classes, their auto withdrawal of scheduled payments is still in effect for any remaining fees due Northwood Tech. Read the enrollment agreement carefully for additional pay plan conditions.
