 and  
 Northwood Tech’s Plan of Representation

Year	Category	Category	Category

The appointment committee is required to give equal consideration to the distribution of populations within the district.

According to the Wisconsin Technical College System, this has been interpreted to mean:

1. **Male/Female Representation** – members of each gender (male/female) must hold at least three (3) positions on a District Board.
2. **Minority Representation** – must reflect the distribution of minorities within a district. While all districts are encouraged to have minority representation on their District Boards, if the total percentage of minorities within the district exceeds 6.5%, at least **one minority** must hold a position on the District Board.

*Note: Northwood Tech’s most recent estimated minority population is 8.4%.*
