

Northwood Technical College Associate Degree Nursing Program

**Northwood Tech PRE-ADN
Admission Quiz**

***Print and bring this completed quiz to your ADN admission interview with your Northwood Tech counselor**

1. Since Northwood Tech has 4 campuses, I can apply to how many campuses if I want to be in the ADN program?
 - I am only allowed to apply to one Northwood Tech campus for the ADN program
 - I can apply to no more than 2 Northwood Tech campuses for the ADN program
 - I can apply to as many Northwood Tech campuses as I like—it doesn't matter
 - I can apply to as many Northwood Tech campuses as I like, as long as I don't get caught

2. Once I have submitted my general Northwood Tech Application for Admission how many days do I have to complete *STEP 1* of the ADN Admission Process?
 - 30 days
 - 90 days
 - 120 days
 - There is no time limit to complete STEP 1

3. If I am eligible for Financial Aid, I may apply for funding
 - at the time I submit my Northwood Tech Application for Admission
 - after I have completed *STEP 1* of the ADN Admission process
 - after I have been accepted into the core ADN courses
 - None of the above—Financial Aid is not available for nursing students, just scholarships

4. My *Accuplacer* entrance assessment scores
 - are just a formality and don't really matter
 - have to be met the first time I take the assessment, or I will not be allowed to enter the ADN program
 - assess my abilities in Sentence Skills, Reading, and Math
 - All of the above

5. A Nursing Assistant course is required for acceptance into the ADN program and I must
 - earn an "A" in the Nursing Assistant course I took
 - also pass the national certification exam and work as a CNA to be accepted into ADN
 - provide a copy of my Nurse Aide State Registry card
 - None of the above

6. Chemistry is required for acceptance into the ADN program and
- I must earn a grade of 2.0 or better
 - I must take the Chemistry course either for one semester in college or one year in high school
 - the Chemistry course does not require a laboratory component
 - All of the above
7. In order to progress in the Northwood Tech ADN program I must earn a “C” or better in
- all General Studies program-required courses
 - 10806177 *General Anatomy & Physiology* and 10806179 *Advanced Anatomy & Physiology*
 - in all science courses required by the program
 - no courses—the minimal grade accepted is a 2.0 in all ADN program courses
8. In order to apply for the ADN Priority Admission Process I must have completed
- at least 25% of the program-required General Studies courses
 - at least 1/2 of the program-required General Studies courses
 - all of the program-required General Studies courses
 - none of the program-required General Studies courses, but if I have, it may help me be accepted earlier
9. If I have taken program-required General Studies courses at another college I must
- have an official transcript sent to Northwood Tech to show I passed the course with the required grade
 - retake the course at Northwood Tech
 - have an unofficial transcript printed off from the college website
 - None of the above
10. If there are several applicants to be admitted to the ADN program who are equally qualified, the applicant who will be accepted first will be
- the applicant who completed the Pre-ADN admission process (*STEP 1*) on the earliest date
 - the applicant with the highest grade point average
 - the applicant who is the oldest
 - the applicant who has worked as a Nursing Assistant
